

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Monitoring and Reporting Requirements Not Met for Drummond School PWSID: NJ1414308

Our water system violated drinking water requirements over the past year. Even though it is not an emergency, as our customers, you have a right to know what happened and what we are doing to correct the situation(s). For more information, please contact Ryan Furrey at 973-227-0402 or at rfurrey@pacelabs.com.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether our drinking water meets health standards. During Q3 of 2024 we did not complete all monitoring/testing at the facility for radiologicals. Therefore, we cannot be sure of the quality of your drinking water during that time.

The table below lists the contaminant(s) we did not properly monitor and report during the last year, how often and when we are supposed to sample, how many samples we are required to collect, how many samples we took, and if applicable, the date on which follow-up samples were (or will be) taken.

Analyte	Required sampling frequency or sampling period	Number of samples required	Number of samples collected	When samples were or will be taken
Radiologicals	Quarterly	1	0	Q4 of 2024

What should I do?

There is nothing you need to do.

However, if you have specific health concerns, a severely compromised immune system, have an infant, are pregnant, or are elderly, you may be at higher risk than other individuals and should seek advice from your health care providers about drinking this water.

What is being done?

The school and affiliates will continue to be proactive and monitor the drinking water supply.

For more information, please contact Ryan Furrey at 973-227-0402 or at rfurrey@pacelabs.com.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
